

Contractor Grade Post Lifter

Tools & Accessories / Drivers, Lifters & Spinners

- Hardened steel grips
- Robust construction
- Parallel gripping surface
- Suits most fence posts

Contractor grade post lifter

Whites Contractor Grade Post Lifter is designed with hardened steel grips and parallel gripping surface for easy removal of steel posts from ground for re-use.

Made with galvanised steel and high tensile bolts; it suits most fence posts, including Stockpost XL.

Instructions:

- Position post lifter on flat ground for stability
- Lift handle to open jaws, then place jaws on fin of post
- Push handle down to grip and lift post easily
