

Horse Mesh Gates

Gates & Fittings / Farm Gates

- Safer for horses
- All pipe is a uniform 25NB
- Small 100mm x 50mm aperture
- 5mm galvanised wire
- Zinc-based coating

Safer for horses

Whites Rural Horse Mesh Gates feature a smaller aperture (100mmx50mm) mesh specifically designed to be safer for horses. These gates are made with 5mm galvanised wire and zinc-based coating that completely covers pipe and welds.

Available in "I" stay, 1145mm high and 1200 to 4200mm wide.

Supplied with our "Shut the gate mate!" sign.

Code	Nominal (mm & ft)	Actual (mm)	Weight	Stay Type	Height (mm)
13610	3000 (10'0")	3000	15kg	"I"	1145
13612	3600 (12'0")	3610	19kg	"I"	1145
13614	4200 (14'0")	4220	22kg	"I"	1145

* Available in VIC and TAS only.
