### FASTER

- Packed in faster Ute Pack sling

Stockpost & XL • Available in  
**Black Bituminous & Hot-Dipped Galvanised**

## LIFETIME GUARANTEE

### Stockpost Lifetime Guarantee

Stockpost's combination of high-grade ductile steel, proprietary bituminous black & hot-dipped galvanised coatings allow us to offer you a Lifetime Guarantee on every Stockpost fence post sold.

We are so confident in the quality of Stockpost fence posts in livestock and cropping fencing applications that we guarantee Stockposts for a lifetime.

This guarantee covers the Stockpost, Stockpost Ute Pack and Stockpost XL fence post ranges against breaking during installation and normal use for the life of the product.

For full terms and conditions, visit [stockpost.com.au/lifetimets](http://stockpost.com.au/lifetimets)

## RIGHT WEIGHT

A true heavyweight post featuring high-grade steel for strength and longevity

Australian Designed  
**Ute Pack Sling**

### TRUSTED, TRIED & TRUE

- Traditional slings in bundles of 10
- Ute Pack slings supplied as 200 singles in a secure cradle ... no bundle ties

- HDG** > 135cm up to 240cm
- Black** > 135cm up to 240cm

For barbed wire livestock fences

**Black** > 165cm & 180cm

### SMARTER, STRONGER

- Features five integrated latch-points
- No ground level latch-points - improves post integrity

### FASTER, EASIER

- Clip barbed or plain wires in less time than individual tie offs
- Simple and quick positive-click action

real  
A breakthrough  
against **acidic,  
salt & alkaline** soils

### The Stockboss Advantage

- Dual barrier coating
- Barrier-Shield™
- Above-ground protection
- Bonded to steel
- Salt-spray lab testing
- Field tested
- Unique line markings

**Black** > 165cm & 180cm

**Stockboss** • Available in  
**Black Bituminous**

## STOCKPOST® The mark of a good post

### SMARTER

- 3 equal fins for stability
- More holes per post

- HDG** > 180cm, 210cm & 240cm
- Black** > 180cm, 210cm & 240cm

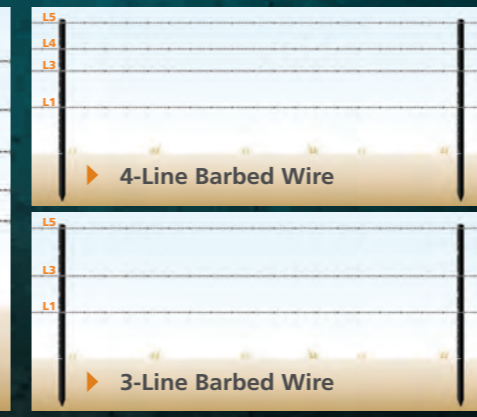

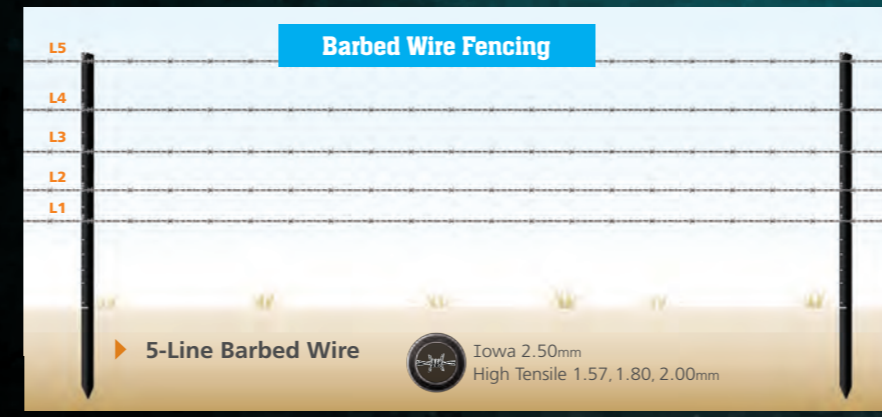

### FASTER

- Packed in faster Ute Pack sling

Stockpost & XL • Available in  
**Black Bituminous &  
Hot-Dipped Galvanised**

## STOCKFAST® 5-Latch Post

**STOCKFAST** Latch-Post features five integrated spring-steel latch-points for clipping barbed or plain wires, fast. The spring-steel latches have a positive-click to indicate the wire is secure.

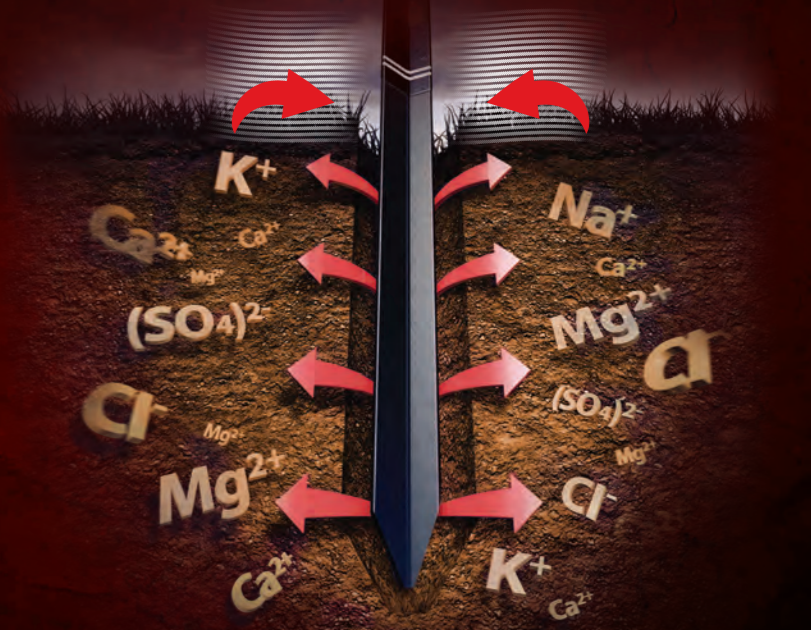

Post strength is assured as there are no ground level latch points. Instead, five traditional holes below the lowest latch provide tie-off points for fencing closer to the ground. Another four holes higher up the post provide additional flexibility for individual fencing requirements.

**Stockfast** • Available in  
**Black Bituminous**

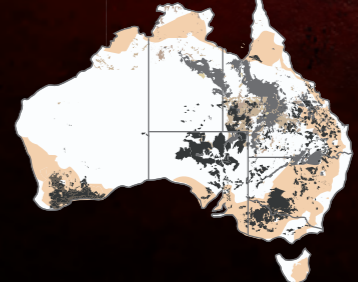

## STOCKBOSS® with Corrosion-Resistant Wrap

### THE POST THAT STANDS UP TO CORROSIVE SOIL

- Acids, salt & alkaline soils** severely reduce the life of regular steel posts that can look good above the ground but tell a different story below the ground
- Zone of differential aeration** Protection from a combination of oxygen concentration and corrosive elements in the zone above and just below the soil line
- In the ground** The protective polymer wrap works harder than traditional coatings to keep out corrosive elements underground

**Soil Hazard Zones**  
Soil distribution designating problematic areas across Australia

Soil Classification	
Vertosols (acidic bias)	Dryland Salinity Hazard Zone
Sodosols (alkaline bias)	Dryland Salinity (salt-bearing bias)
